

SW9

STEAM & HOT WATER

- » 9 bar steam pressure
- » Hot water injection
- » Continuous steam
- » Compact design
- » Adjustable steam output

A highly featured compact commercial steam only cleaner

The SW9 steam cleaner is one of the best featured commercial steam only machines on the market. It boasts a huge 9 Bar of steam pressure with the ability to inject hot water ensuring a professional level clean every time.

This steam cleaner has the power and features of larger commercial steam only machines but in a compact size. It's superior performance makes the SW9 machines a popular choice when looking for steam only cleaners.

The SW9 uses high temperature dry saturated steam to deep clean below the surface and effectively lift built up dirt and grime while sanitizing the surface.

The SW9 is designed to clean a variety of everyday surfaces including floors, walls, windows, curtains, mattresses, kitchens, bathrooms and much more.

Ideal for a range of commercial uses

The SW9 is the perfect cleaning machine for a wide range of commercial applications in hotels, motels, cafes, restaurants, nursing homes, hospitals, contract cleaning and many more.

Built to last

This is a high quality commercial steam cleaner made in Italy and built to last. It has a robust and compact design with superior cleaning performance — powerful steam ready to take on the toughest cleaning jobs in your business.

A tool for every cleaning job

The SW9 is supplied with a comprehensive range of attachments to cover a variety of cleaning applications. It comes complete with a floor brush, window squeegee, a detail nozzle and a selection of brushes. There's also a variety of optional accessories including trolley, steam mop and microfibre cloths to suit all your cleaning applications.
