

SCRUB, SWEEP AND DRY

MAGNA 1300

HEAVY DUTY RIDE ON SWEEPER / SCRUBBER

Steam
Victoria
VAPOR CLEANING TECHNOLOGY

The king of all scrubbers. Conquest is out in front with the Magna 1300, the largest and most powerful machine of the range, designed for deep cleaning of all large industrial and commercial areas.

Under the tough body of the Magna 1300 there are four scrubbing brushes with ultra high adjustable pressure, and a pre sweep function to collect debris. This allows the machine to thoroughly clean large areas in a single pass, saving operators the need to pre-sweep manually before scrubbing.

With large tanks, exceptional manoeuvrability and sideways moving brush decks the Magna 1300 delivers maximum productivity while being easy to operate and maintain.

A superb combination of reliability, strength and size that only Conquest could achieve.

FEATURES

- Pre sweep broom sweeps debris into a hopper as you are scrubbing the floors, resulting in extremely clean floors.
- Available in battery with a run time up to 5 hours or diesel engine for long periods of uninterrupted cleaning.
- Fully automated control of all functions, keeps operation simple with a reduction in the need of training for staff.
- Safety is a big feature on the Magna 1300, with reversing alarm, anti skid wheels, over head guards, lights, and dead man seat switch, ensuring OH&S levels are at their highest.
- Reliability is guaranteed with less complexity, fewer moving parts, and a full powder coated steel frame. Maintenance is made quick and easy with access to all moving parts and motors, via fold back covers.

SPECIFICATIONS	MAGNA 1300B	MAGNA 1300 D
Theoretical cleaning capacity (m ² /hr)	7800	7800
Operation run time (hrs)	5 - 7	Unlimited
Cleaning width (mm)	Not Applicable	Not Applicable
Solution tank (ltr)	360	360
Recovery tank (ltr)	380	380
Power supply (V)	36	Diesel
Brush pressure (kg)	180	180
Weight no battery(kg)	840	1100
Dimensions (LxWxH)mm	2250 x 1880 x 1340	2250 x 1880 x 1340
Brush/pad (number/size)mm	4/345	4/345
Battery charger	Stand alone / Automatic	N/A
Drive speed	0 - 6	0 - 6
Brush speed (rpm)	220	220
