FIMM-V01

ECO MODE FUNCTION

Limits water, detergent and energy consumption

ERGONOMIC DESIGN

Unmatched operator comfort

HD COLOUR TOUCH SCREEN

Intuitive interface with pre-defined work zone programming, and in-built operator manual and video tutorials

HEAVY DUTY CASING

For durability and longevity

REAR VIEW CAMERA

Assists reversing and monitoring the path behind

ANTI-COLLISION SYSTEM

For operator and machine safety, and ease of manoeuvring

CHEMICAL DOSING

In-built system with separate solution tank reduces chemical usage and delivers consistent results

FRONT & REAR LED HEADLIGHTS

Light your cleaning path, and warn pedestrians

LED MACHINE LIGHTING

Maintenance visibility of underbody in low-light

Reliable safety features

Recognising workplace safety is of the upmost importance, you can rely on the machine's full set of standard safety features.

The full-colour rear view camera provides full visibility of the cleaning path behind, while the built-in collision avoidance system reduces the opportunity for incidents. The pre-defined zone-program settings for each cleaning area, combined with the most advanced floor scrubber technologies on today's market, takes cleaning efficiency to the next level.

SPECIFICATIONS	
Solution tank capacity	110L
Recovery tank capacity	110L
